**Subject: Amended Reregistration Label**  
Algae Kil CB 7  
EPA Registration Number: 57787-17  
EPA Decision Number: 437704

Dear Ms. Pletka:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Coppers RED and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, 2/20/09

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Jaclyn Pyne at [pyne.jaclyn@epa.gov](mailto:pyne.jaclyn@epa.gov).

Sincerely,

  
Jacqueline Campbell-Hardy  
Product Manager 34  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION.** Harmful if inhaled. Causes moderate eye irritation. Harmful if swallowed or absorbed through the skin. Avoid breathing vapor or spray mist. Avoid contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in area during application.

**USER SAFETY REQUIREMENTS**

- Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.
- Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.
- User must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- User must remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users must remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

**FIRST AID**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information call CHEMTREC at 1-800-424-9300.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth- to- mouth if possible. Call a poison control center or doctor for further treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff. This product is for use in swimming pools only. Equipment washwater/rinsate and/or treated effluent must not be discharged where it will drain into lakes, streams, ponds or other public water bodies as injury to non-target plants and animals may occur.

MASTER LABEL (Orig. 7/13/12, Rev. 11/1/13)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read all directions for use carefully before applying.

General Precautions and Restrictions

- Do not allow adults, children, or pets to enter the treated area until application is complete.
Undiluted product or concentrations above 1.0 ppm Cu may be injurious to crops, grass, ornamentals and other foliage. Do not apply in such a way that the concentrated product comes in contact with crops, ornamentals, grass or desirable plants.
Do not allow back-flush filter water to come in contact with desirable plant species.

General Information and Application Directions

This algacide provides effective prevention/control of algae growth in all types of swimming pools. Even though it affords long-term algae control, periodic additions on a scheduled basis will assure lasting algae control. For heavy algal infestations, more drastic treatment such as super-chlorination may be required to eradicate the algae.

Dilute this product with at least (9) parts of water and sprinkle around edge of pool. Add additional amounts of this product every two weeks according to directions in the dilution chart below.

For best results, begin pool maintenance with this product when the pool is first filled with water. Add this product according to the size of pool as given in the chart.

Water treated with this product may be used for swimming immediately after treatment.

How to Estimate Gallon Capacity of Your Pool:

- Measure length (L), Width (W) and average Depth (D) in feet.
For square or rectangular pools: L x W x D x 7.5 = Gallons.
For circular or elliptical pools: L x W x D x 5.9 = Gallons.

Dilution Chart for Swimming Pools

Table with 3 columns: Swimming Pool Capacity Gallons of Water, Initial Treatment (fl. oz.), and Treatment Once Every Two Weeks (fl. oz.). Rows include capacities from 5,000 to 50,000 gallons.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**Storage:** Store in original container in a cool, dry place inaccessible to children or persons unfamiliar with its use.

**Pesticide Disposal:** Product or rinsate that cannot be used must be diluted with water before disposal in a sanitary sewer.

**Container Handling:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If not, discard in trash.
